To whom it may concern,

**Subject: Work reference for Hahns Anthonysz**

Hahns Anthonysz has done some asbestos removal work for me at my property at 29 Hooper Rd, Strathalbyn 5255 SA between January 2008 and November 2011.

Asbestos sheeting was removed from the inside and outside of the home with a minimum of fuss. All safety regulations and work-safe practices were complied with.

Hahns left the worksite neat, clean and in a better state than when he arrived onsite.

I would recommend Hahns Anthonysz to do any asbestos removal work, large or small. He operates in a neat, clean, organized and professional manner.

Kindest regards,

John Dannenberg
